 _____ Hermit Warbler (M) _____
 _____ Wilson's Warbler (M) _____
- TANAGERS
 _____ Summer Tanager* (R) _____
 _____ Western Tanager (S) _____
- GROSBEAKS
 _____ Black-headed Grosbeak (S) _____
 _____ Blue Grosbeak (S) _____
 _____ Lazuli Bunting (S) _____

Additional Species

_____ TOTAL SPECIES

Your observations will be much more useful if they are annotated (beside the species, in the space below, or on a separate sheet, as appropriate). First of all, be sure to fill in the heading. Note and briefly describe all evidence of nesting. Note any birds that appear to be merely passing over the survey area (instead of using it in some way). Please describe any sightings of starred (*) or unlisted species. You are encouraged to make comments on any interesting observations.

- W — Winter — Normal winter distribution of species
 S — Summer — For most species, this is the breeding range
 Y — Year-round — Species can be found here all year
 M — Migration - - Can overlap into winter and summer
 R — Rare — Rare occurrences have been recorded
